

## Material Safety Data Sheet (MSDS)

Last updated: 1st October 2015

### **Section 1 - Product and Company Identification**

Product Name: Sericite Mica

Supplier: Pure Rock Mineral Cosmetiques S.L.

Address: Unit 8 Caddsdwn Industrial Park, Clovelly Road, Bideford, Devon, EX39 3DX, UK

Email: technical@thesoapkitchen.co.uk

Tel: +44 (0)1237 420872

### **Section 2 - Composition**

Mica

CAS #: 12001-26-2

EINECS #: 310-127-6

### **Section 3 - Hazards Identification**

This substance is not classified as hazardous.

Classification according to Directive 67/548/EEC - Not Applicable

Classification according to Directive 1999/45/EC - Not Applicable

Classification according to Regulation (EC) No 1272/2008 - Not classified

### **Section 4 - First Aid Measures**

Skin Contact: Does not irritate the skin, wash off with soap and water.

Inhalation: Remove from area of exposure to fresh air. Seek medical attention in case of complaints.

Eye Contact: Rinse eyes with running water.

Ingestion: Rinse mouth out and drink plenty of water. Seek medical attention in case of complaints.

### **Section 5 - Fire-Fighting Measures**

Extinguishing Media: Use extinguishing methods appropriate for surrounding fire.

Protective Equipment: Fire fighters should wear fully protective suits and self contained breathing apparatus.

### **Section 6 - Accidental Release Measures**

Wear suitable protective clothing and ensure adequate ventilation.

Methods For Cleaning Up: Keep the formation of dust to minimum levels.

Scoop, sweep or vacuum excess powder into a container for disposal.

Prevent seepage into water systems.

### **Section 7 - Handling And Storage**

Precautions In Handling: Ensure good ventilation and avoid formation of excessive dust.

Storage Conditions: Store in a tightly closed container in a cool, dry room at avoiding direct exposure to sunlight. Do not store near oxidising materials.

## **Section 8 - Exposure Controls / Personal Protection**

Dust masks should be worn if the dust concentration is more than 10 mg/m<sup>3</sup>.  
Use in a well ventilated area to control dust exposure to applicable limits.  
Gloves should be worn to protect against staining of the skin and nails.  
Clothing: Use an apron or protective overalls to avoid staining of clothing.

## **Section 9 - Physical And Chemical Properties**

Form: Powder.  
Colour: White.  
Odour: Odourless.  
Flash Point: Not applicable.  
Melting Point (°C) : >1000.  
Flammability: Product is not flammable.  
Explosion Risk: Product does not present an explosion hazard.  
Solubility In Water: Insoluble.

## **Section 10 - Stability And Reactivity**

Chemical Stability: Stable under normal ambient conditions.  
Conditions to avoid: Humidity, Direct Sunlight, strong acids.  
Hazardous Decomposition: None Known.  
Hazardous Polymerization: Will not occur.

## **Section 11 - Toxicological Information**

Skin Irritation : Non-irritant.  
Eye Irritation : Non-irritant.  
Acute Oral Toxicity : Non-toxic in small doses.

## **Section 12 - Ecological Information**

Considered essentially not harmful to the environment.

## **Section 13 - Disposal Considerations**

Non hazardous waste.  
The product is inert and non-degradable.  
Dispose of according to local and national regulations.

## **Section 14 - Transport Regulations**

Not classified as a Dangerous Good.  
Considered non hazardous for transportation by land, sea or air.

## **Section 15 - Regulatory Information**

Europe: This product or its ingredients are listed on or compliant with EINECS.

## **Section 16 - Other Information**
